

Cracow, November 27th 2016.

Dear Participants of International MBA Programme,

I would like to introduce myself to you, Second year International MBA Programme Attendants. I am Dr Philippe De Brouwer and will have the pleasure to assist you in preparing your final written project, which you should --according to the program's requirements-- present at the end of your studies for Capstone examination.

The aim of this project is to prove your competence to solve managerial problems proposed in terms of decision making process.

I will run an introductory session for you on December 17th (at 16:30) so that we can start early this year and make sure that the quality of the papers is the best possible.

In order to get the best results, we will together go through a very limited set of courses that provide you some basic methods as well as a series of workshops where we will improve your idea, paper and presentation of it. On top of that I will be available to coach, answer questions and guide you.

I really look forward meeting you, but in the meanwhile, You can find more information about myself at www.de-brouwer.com or at <https://uk.linkedin.com/in/philippedebrouwer>.

Best Regards,

Prof. Dr. Philippe De Brouwer
